

CE1

La solution est :

$$21+22+23+24$$

CE1

= 10

= 6

= 5

$$10 + 6 = 16$$

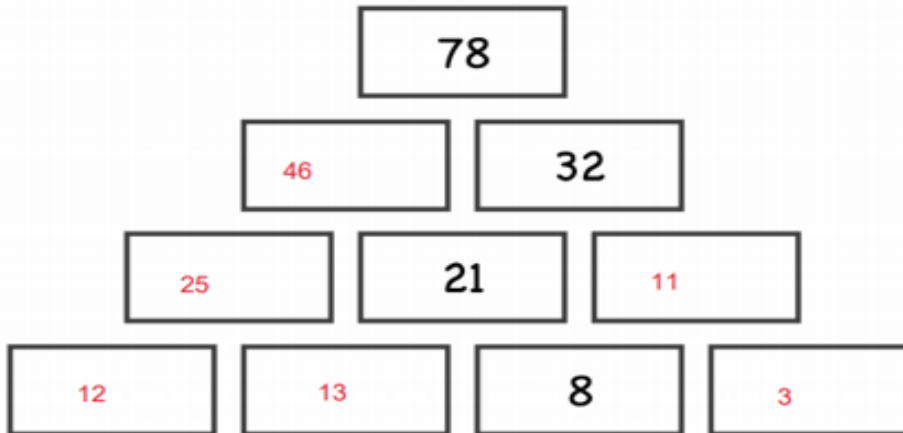

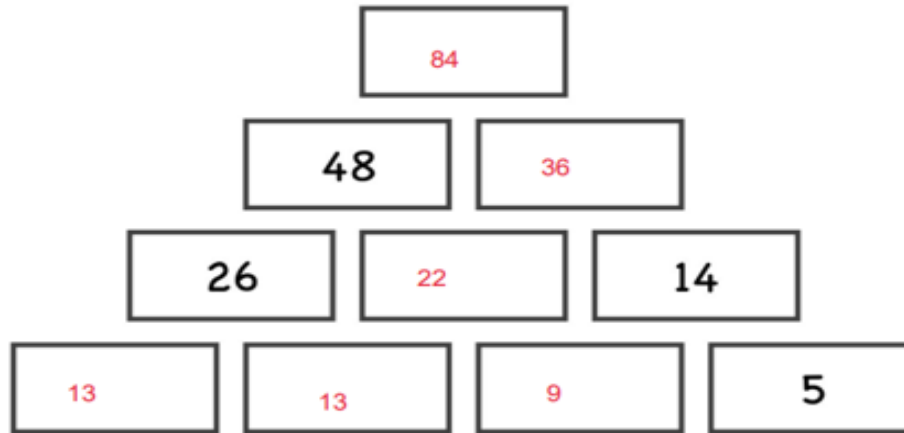

CE1

semaine 1
jour 3

Voici la solution :

CE1

semaine 1
jour 4

Cible 1 : $(2 \times 100) + 50 + 25 + 5 = 200 + 80 = 280$

Cible 2 : $(3 \times 100) + (3 \times 50) + 5 = 300 + 150 + 5 = 455$

Cible 3 : $100 + (3 \times 50) + (3 \times 25) + 5 = 100 + 150 + 75 + 5 = 330$
